AËRONAUTICAL JOURNAL.

VOL. VIII.

INDEX.

PAGE

Aëronautical Society, Notices .. 1, 27, 47, 67
,, ,, General Meetings 2, 28, 68
,, ,, Kite Competition :—
I. Mathematical Portion. By Professor C. V. Boys, F.R.S. 2
II. Descriptive Portion. By Eric Stuart Bruce, M.A. Oxon., F.R.Met.Soc. .. 5
,, ,, Use of the Balloon in the British Antarctic Expedition. By Lieut. E. H. Shackleton, R.N. 11
,, ,, Results of International Kite Competition (plate).. 2
,, ,, Experiments with Aërial Screw Propellers. By Major B. Baden-Powell 28
,, ,, Scientific Balloon Ascents. By Chas. Harding, F.R.Met.Soc. .. 69
,, ,, The Measurement of Air Velocity and Pressure. By Professor A. F. Zahm.. 74
,, ,, An Airtight Balloon Car for High Ascents. By Messrs. Eustace Short and Horace Leonard Short 81
Aërial Gliders, Photographs of the Paths of. By G. H. Bryan, F.R.S., D.Sc., and W. E. Williams (illustrated) 49

PAGE

Aërial Navigation. By Octave Chanute, C.E. (Review) 61
Aërial Screw Propellers, Experiments with. By Major B. Baden-Powell.. 28
Aëronautical Society's Kite Competition .. 2
Aëronautical Articles (Current) .. 44, 65
,, Periodicals (Foreign) 44
,, Competitions (the St. Louis) .. 60
,, Congresses (International) :—
St. Petersburg 58
St. Louis 60
,, Motor, New 63
Aëroplane Experiments at Crystal Palace. By Major B. Baden-Powell (illustrated) .. 52
Aëroplane, The Development of the. By Major B. Baden-Powell 84
Aëroplane Gliders, the Longitudinal Stability of. By G. H. Bryan, Sc.D., F.R.S., and W. E. Williams, B.Sc. 12
Airships (the Beedle). By W. Beedle (illustrated).. 32-33
Airtight Balloon Car for High Ascents. By Messrs. Eustace Short and Horace Leonard Short 81
Air Velocity and Pressure, Measurement of. By Professor A. F. Zahm 74
Altimeter, The (illustrated) 42
Arnold, Sir Edwin (The late) 28
Balloons and Kites in the War in the East 64
Balloon Ascents made by James Glaisher, F.R.S., for Scientific Purposes, 1862-69, By William Marriott, F. R. Met. Soc. .. 19
Table showing Number of Ascents.. .. 22
Balloon, Use of, in the British Antarctic Expedition. By Lieut. E. H. Shackleton, R.N. 11
Balloon Ascents, Scientific. By Chas. Harding, F.R.Met.Soc. 69
Balloon Explosion in Paris 63

INDEX—*continued.*

PAGE

Balloon Car (Airtight) for High Ascents. By Messrs. Eustace Short and Horace Leonard Short 81
British Antarctic Expedition, Use of Balloon in. By E. H. Shackleton, R.N. 11
Bird Flight, Mechanical Imitation of.. .. 23
Brogden's (C.) Kite (figs. 1 and 2) 6, 7
Cody's (F. S.) Kites (figs. 3, 4, 5, 6) 8, 9
Congress of the International Scientific Aëronautical Commission (St. Petersburg) .. 58
Congress, The St. Louis International Aëronautical 60
Development of the Aëroplane. By Major B. Baden-Powell.. 84
Discovery, The Return of the 68
Experiments with Aërial Screw Propellers. By Major B. Baden-Powell 28
Experiments of the Brothers Wright. Communicated by Mr. Orville Wright :—
I.—With Gliding Machines depending upon Gravity for their Motive Power 37
II.—With the Power Flyer 41
Flapping of a Bird's Wings after Death .. 42
Foreign Aëronautical Periodicals 44
Glaisher, James, F.R.S., Balloon Ascents for Scientific Purposes 1862-69.. 22
Gliding Machine (Brothers Wright) (illustrated). Communicated by Mr. Orville Wright :—
I.—Depending upon Gravity for their Motive Power 37
II.—With the Power Flyer 41
Hiram Maxim's, Sir, Captive Flying Machine 43
Hydrogen, The Purification of, by Liquid Air 43
Imitation (Mechanical) of Bird Flight.. .. 23
Kites in the War in the East 64
Kites (Man-Lifting) Experiments at Aldershot 64
Kites—Mr. C. Brogden's (figs. 1, 2) 6, 7
,, S. F. Cody's (figs. 3, 4, 5, 6) .. 8, 9
,, S. F. Salmon's (figs. 7, 8) 10, 11
Kite Competition, Diagram of Theodolite Observations (plate) 2
Lachambre, The late M. 44
Lebaudy Airship, The Journeys of the .. 43
Longitudinal Stability of Aëroplane Gliders, The. By G. H. Bryan, D.Sc., F.R.S., and W. E. Williams, B.Sc... 12
Chart.. 14
M. Santos Dumont's No. 7 Balloon 62
M. Teisserenc de Bort's Kite-Flying Experiments 63

PAGE

Man-Lifting Kites, Experiments at Aldershot 64
Measurement of Air Velocity and Pressure. By Professor A. F. Zahm, in Aërodynamic Experiments, and The Balloon Anemometer 74
Mechanical Flight. By Thomas Moy.. .. 34
Mechanical Imitation of Bird Flight, The. By William Cochrane 23
Notes :—The Journeys of the Lebaudy Airship 43
The Purification of Hydrogen by Liquid Air 43
Sir Hiram Maxim's Captive Flying Machine 43
Scientific Kite Flying 44
The Possibilities of Vanadium Steel in Airship Construction 44
The Late M. Lachambre .. 44
La Société Francaise de Navigation Aérienne 44
M. Santos Dumont's No. 7 Balloon 62
New Aëronautical Motor.. .. 63
M. Teisserenc de Bort's Kite-Flying Experiments 63
The Balloon Explosion in Paris 63
Experiments with Man-Lifting Kites at Aldershot (F. S. Cody) 64
Balloons and Kites in the War in the East 64
Obituary :—Sir Edwin Arnold 28
Major H. C. Roberts 48
Patents, Applications for.. .. 25, 45, 65, 87
Paths of Aërial Gliders, Photographs of, by G. H. Bryan, F.R.S., D.Sc., and W. E. Williams 49
Propellers, Experiments by, with Aërial Screw Major B. Baden-Powell 28
Photographs of the Paths of Aërial Gliders .. 49
Return of the *Discovery*.. 68
Review — Aërial Navigation. By Octave Chanute, C.E. 61
Roberts, Major H. C. (The late) 48
Salmon's (S. F.) Kites (figs. 7, 8) 10,11
Scientific Balloon Ascents. By Chas. Harding, F.R. Met. Soc. 69
Scientific Kite Flying 44
Société Française de Navigation Aérienne, La 44
St. Louis (The) International Aëronautical Congress 60
Theodolite Observations of Kite Competitions (plate) 2
Vanadium Steel in Airship Construction, The Possibilities of 44
